

Chase the Ace Raffle Rules and Regulations

Prize Information:

- The Accumulator will have a seeded prize of \$1,000 for the first series/game.
- Each week, 50% of sales for the event will be added to the accumulator unless the accumulator is won. If the card selected is the Ace of Spades, the participant will win the entire accumulator from the previously accumulated weeks.
- If the card selected is not the Ace of Spades, the participant will receive 10% of sales for the event as consolation prize and the accumulator will carry over to the next weekly draw.
- If a Joker is the card selected by the participant, an additional 10% of sales for that event will be the consolation prize.
- If the accumulator is won, then 50% of sales for that event will be the start of the new accumulator for the next series. If another series is not scheduled, then the 50% of sales for that event will be added to the current accumulator for the winner.
